

# POOLEASY pH or REDOX : « the power to serve your water »

**Use :** maintains the pH balance for pools up to 150 m<sup>3</sup>  
or maintains the chlorine level for pools up to 80 m<sup>3</sup>

## MULTIPURPOSE

- The POOLEasy regulates the pH\* with the pH kit or regulates the chlorine\*\* with the chlorine kit

## CLEVER

- Adjusts the dosing depending on the chemical need

## SECURE

- volumetric alarm avoiding emptying of the chemical tank

## COMPLETE

- Comes with its installation kit including the 2-in-1 probe holder, the pH or redox probe and the drilling tool

1 year warranty for the probe\*\*\*

### the 2-in-1 injector probe holder

#### INNOVATIVE

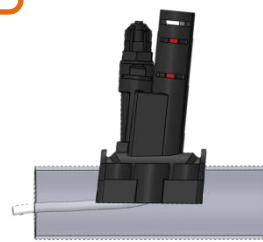

- A single point for the measure and the injection
- Probe 100% protected by the probe holder pipe

#### OPTIMAL

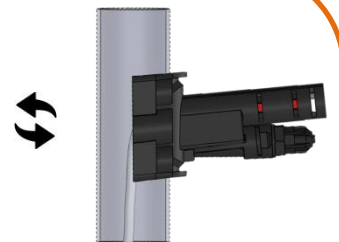

- Wintering cap which replaces the probe in the probe holder

#### CONVENIENT

- Fits to DN50 and DN63

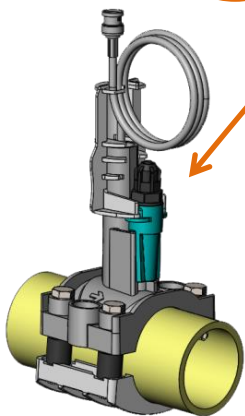

HORIZONTAL mounting

VERTICAL mounting
