

# PRIM<sup>®</sup> EVOL Rx

## Proportional regulation of chlorine (mV)

Private  
pools

- Live display of the redox value

- Quiet dosage thanks to its motor technology

### SIMPLE

- Optimum ease of use: one function per button
- Clear display of the redox value and messages
- Suitable for pools up to 60 m<sup>3</sup>

### SMART

- Dosage proportional to chlorine requirements

### SAFE

- The pump stops dispensing if the redox value is too low or too high, and displays the status.

### WARRANTY

- Device guaranteed for two years
