

STAR Rx

Private
pools

Proportional regulation of chlorine (mV)

- Live display of the redox value

- Quiet dosage thanks to its motor technology

- Optional customisation

SIMPLE

- Optimum ease of use: one function per button
- Display of redox (chlorine) value and messages
- Suitable for private pools up to 60 m³

SMART

- Dosage proportional to chlorine requirements

SAFE

- The pump stops dispensing if the redox value is too low or too high, and displays the status of the sensor after calibration.

WARRANTY

- Device guaranteed for two years
