Pools list.

**PROpilot values**

- SETPOINT VALUE: 1.4
- TYPE OF OUTLET: External pump
- PUMP FLOW RATE: 1.5 L/h
- ACTIVATION TYPE: PROPORTIONAL
- PUMP ACT. TIME: 40 s@ 1Cl
- OVERDOSING ALARM: 2.50 L/h
- ALARM DISABLED: OFF
- READING: 0.00 Cl
- ADJUSTMENT
- OVERDOSING ALARM: No

**Web configuration**

- lb.entity\_high\_alarm: Yes
- lb.entity\_low\_alarm: Yes
- lb.entity\_lvi\_alarm: No

From distance managed pH and chlorine.

Data history.

17 April 2018 11:58

Current pH: 7.3 pH (OK)

Current chlorine content: 1.4 Cl (OK)

Current temperature: 30.5°C (Active)

lb flowrate: 11.2 m³/h

Additional indicators: pH level: OK, Rx level: OK, Filtration status: Active

On a single look :

Green parameters = Pleasant swim!

### Professional user advantages:

- Proactive : Parameters and history studying to prevent any problem and quick action if the customer see a maladjustement.
- Customer loyalty : transparency, relationship of trust established, additional sales...

## AvadyConnect® Option

The AvadyConnect® option, consisting of a box to be connected to the Ethernet network, allows remote control and monitoring of water treatment equipment parameters for easy pool management, via the dedicated web interface [www.avadyconnect.com](http://www.avadyconnect.com).

For devices predisposed to receive the option.

(1 pool = 1 AvadyConnect® box)

**Compatible devices :** PANduo pH Turboxy – DUO pH Turboxy – PANduo pH CLM – PANpilot pH Rx S20 – PANpilot pH Turboxy – Physico pH Rx – Physico pH Turboxy – Physico pH CLM

| AYAC100483

## AvadyConnect® communication kit

The AvadyConnect® communication kit allows remote control and monitoring of water treatment equipment parameters for easy pool management, via the dedicated web interface [www.avadyconnect.com](http://www.avadyconnect.com). It consists of a housing for radio communication and an extension to be installed in the device.

**Compatible device :** PROpilot pH RX – DUO pH Rx – DUO Side pH Rx - PANpilot

| AYAC100524

## AvadyConnect® extension

Extension to be installed inside the device to enable connection to existing Avadyconnect® network.

| AYAC100345B
