

DUO pH[®] Rx

Private
pools

Public
pools

Simultaneously regulates pH and chlorine levels (mV)
Suitable for campsites, hotels, residential complexes (1 to 2 people / 10m³ / day).

- pH and chlorine dosage: PROpilot[®] Duo activates the pumps integrated in the device.

- Quiet peristaltic pumps

INNOVATIVE

- DUO pH Rx simultaneously regulates pH* and chlorine** levels.
- It simultaneously displays the redox value (in mV (chlorine)) and the pH value.
- The sensor is protected against induced electric currents in the water.

SAFE

- Volumetric alarm preventing the chemical container running dry
- Dosage proportional to pH and chlorine requirements
- Jack input connectors for detection of empty pH and chlorine containers

VERSATILE

- Adjustable dosage for regulation in small and large volumes
- Intended for private pools with integrated pumps from 1.5L/h up to 90m³
- Suitable for an attendance of 1 to 2 people / 10m³ / day.

WARRANTY

- Device: two years | Sensors: one year

- Supplied with a **complete kit** for quick and easy installation:

Two-in-one sensor holder

- A single location for measurement and injection
- Sensor fully protected by the sensor holder tube
- Compatible with DN50 and DN63 pipes
- A winterisation plug is provided to replace the sensor in the sensor holder.
- Horizontal or vertical assembly

Web AvadyConnect[®] Interface

By installing the **AVADYCONNECT[®] COMMUNICATION KIT**, this device will allow the user to remotely consult and control pool related data.

ADVANTAGE A single dashboard to remotely manage the maintenance of all your pools. You can now remotely change device settings, receive low level of product alerts, check pool history and graphs etc.

Discover our web interface at www.avadyconnect.com; username and pw: demo

AYAC100524

* Incompatible with hydrochloric acid

** To ensure correct redox measurement, make sure that the stabiliser content in the pool does not exceed 15 ppm (15 mg/l).
