

# PANpilot pH<sup>®</sup> Rx S20 (3-8l/h)

Simultaneously regulates pH and chlorine levels (mV)  
Suitable for campsites, hotels, residential complexes facilities requiring little stabilizer.  
(1 to 2 people / 10m<sup>3</sup> / day)

- pH\* : 3L/h metering pump

- Panel dimensions:  
58 x 38 x 20 cm

- Chlorine\*\* :  
8L/h metering pump

- Professional analysis chamber:
  - Redox sensor
  - pH sensor
  - Flow detection
  - Sampling valve

- Private Pools
- Public Pools
- Hot tubs

AYPA1207

## EFFICIENT

- PANpilot pH<sup>®</sup> Rx S20 simultaneously regulates pH/Redox levels (mV).
- It simultaneously displays the redox and pH values.
- The electromagnetic pump is ideal for dispensing chlorine\*\*.
- Combined technologies (peristaltic pump for pH / electromagnetic membrane for chlorine) for versatility and resistance.
- The sensors are protected against induced electric currents in the water.

## VERSATILE

- Intended for public pools from 30 to 220 m<sup>3</sup>.  
and private pools from 30 to 300 m<sup>3</sup> (1 to 2 people / 10m<sup>3</sup>/ day).

## COMPLETE

- Delivered with a **complete kit** for quick and easy installation :

## SAFE

- Volumetric alarm preventing the chemical container running dry.
- Dosage proportional to pH and chlorine requirements.
- Jack input connectors for :
  - detection of empty pH and chlorine containers\*\*\*
  - temperature sensor\*\*\* (AYAC100605).

\*\*\*According to the option chosen

## WARRANTY

- Device: two years | Sensors: one year

\* Incompatible with hydrochloric acid

\*\* To ensure correct redox measurement, make sure that the stabiliser content in the pool does not exceed 15 ppm (15 mg/l).

## AvadyConnect<sup>®</sup> Web Interface

By installing the **optional AVADYCONNECT<sup>®</sup> COMMUNICATION KIT**, this device will allow the user to remotely consult and control pool related data.

**ADVANTAGE** A single dashboard to remotely manage the maintenance of all your pools. You can now remotely change device settings, receive low level of product alerts, check data history and graphs etc.
