

# Avady injection valve

MADE IN FRANCE

New injection valve patented by Avady

Developed by Avady Pool, this new injection valve, directly offset in the pipe, makes installation quicker and easier, while improving efficiency.

Reduces the risk of chlorine crystallization

Sealing by O-ring seal (no further need for Teflon)

Injection directly into the pipe

Included in the installation kits for our PRIM pH, PRIM Rx, Tempo UV, Périfix, STAR pH and STAR Rx devices

Patented by Avady
