PANduo pH CLM

(1.5 - 1.5 L/h)

MADE IN FRANCE

AVADY

AYPA1219

PANduo pH CLM, a high-performance dual regulation for balanced water and perfectly controlled disinfection on a daily basis.

The Physico pH CLM will be your best ally to ensure the proper functioning of your swimming pool.
This regulator takes care of adjusting your water quality all by itself thanks to its two integrated pumps.
It is also suitable for public spas, paddling pools, balneotherapy and aquabike cabins.

Suitable for pools from 1 to 30 m³.
Recommended by the Regional Health Agency (ARS).

DOSAGES

- Regulates and injects pH and chlorine simultaneously
- Display of live pH and chlorine levels
- Supplied with 2 peristaltic pumps (1.5 L/h) for pH and chlorine dosing

PERFORMANCE

- Rapid response from the chlorine probe allows for the regulation of small volumes of water.
- Measures pH from 0 to 14 and free chlorine concentration from 0 to 5 ppm.

INSTALLATION

Quick and easy installation and setup thanks to the complete kit provided (CLM probe included)!

GUARANTEE

2-year device warranty
